About Theodore

Ted Duver focuses his practice on representing renewable energy companies and investor-owned and cooperative utilities in matters implicating federal and state regulatory issues. He has extensive experience representing investor-owned and cooperative utilities before the Federal Energy Regulatory Commission (FERC) and state public service commissions in a wide array of matters, including ratemaking proceedings and generic rule-makings. Ted represents renewable energy project developers in M&A and other transactional matters, including the financing, sale, acquisition and development of community distributed generation and other renewable energy projects, including advising on and negotiating project development agreements.

Ted is a member of the Energy Bar Association and the Rural Electric Cooperative Bar Association.
